MORMONS IN ROYALTON
The Plan for Celebration Tuesday Voted by Church Rulers.
Royalton, July 24—An excursion party of fifteen Mormons from New York and Boston arrived Saturday at the South Royalton house for a few days.
They pass the time at the hotel and at the memorial grounds where the Joseph Smith monument and memorial cottage were recently erected.
Today, being their pioneer day it was suggested that a celebration be arranged and an excursion from Salt Lake, Utah, organized but the Mormon rulers who direct everything, vetoed the idea.

Kodel Dyspepsia Cure
Dignifies what you eat.

"Self reliance" is a great literary essay—and a great business necessity.
You need it in your business—but you can't get it by reading in a book.
You must eat right. If you haven't struck the success food yet, try

Apizezo

the cereal that contains vegetable iron, and a proper proportion of every other food element that your system needs.

Apizezo is all food—it yields the maximum nutrient while requiring a minimum of work of the stomach.

Apizezo builds up tissue, enriches the blood, energizes the system. It tastes good and does good to everybody—invaluable for man or woman, boy or girl. Try with cream for a month and then change to anything you like better.

NORTHERN LEAGUE.

Games in the Up State Summer Base Ball Association.
Burlington, July 24—In an errorless game today Burlington shut out Montpelier-Barre. It was a pitcher's battle from the start in which Hatch had a shade the better of Burns. Hatch won his own game by batting in the runs made. The batting was light on both sides. For five innings not a man saw second, and only twice in the game did the Hyphens have a man as far as that bag. The eighth was the lucky inning. Higgins hit safe, Beauch drew a pass and Hatch singled scoring the other two.

MEAT WAS REJECTED.
Commissary Officer Would Not Accept Meat for the 15th Cavalry.

The Fifteenth cavalry, which is marching from its garrison at Fort Ethan Allen, to Mount Grenier, Pa., was without fresh meat Sunday in its camp at Schoharie Center, Columbia county. Eight hundred pounds of beef furnished by Armour & Co. under contract was rejected by the commissary. He called on the local agent at Albany for more beef, but the agent refused to fill the order. The soldiers were to have had beef steak and onions for dinner but had to eat their onions plain. Armour's agent declares that the meat was in good condition when delivered to the commissary officer, but was allowed to lie around for six hours. When asked why the second order was not filled he replied that the Armour's do not send out meat on approval.

DEATH TO THE CZAR

Terrorists Nail up Sentence on Walls of Peterhof.

"STRIKE AND SPARE NOT"

"Reds" Announce Their Intention to Slay Emperor, Trepoff and Other Repressionists.

ST. PETERSBURG, July 25.—Proclamations announcing that the death sentence has been imposed on the emperor, General Trepoff, M. Polodnostzeff, who was procurator-general of the holy synod; General Orloff, the "pacifist" of the Baltic provinces, and others have been scattered over part of Peterhof.
The terrorists are said to have succeeded in nailing copies of the sentence on the doors of General Orloff's and General Trepoff's quarters.
It is already certain that an amount of consternation is apparent in the upper spheres over the magnitude of the task they have assumed. Events are marching with startling rapidity. Having taken a decision to sit on the safety valve, the government knows of no method except force, and all the old bureaucratic machinery of suppression has been placed in operation to prevent an explosion.
M. Stolypin, minister of the interior, has succeeded Gorenkykh as premier and is ruling with an iron hand. M. Laumitz, prefect of St. Petersburg, has been clothed with dictatorial powers.
War to the knife with revolution and from the knife to the hilt has been proclaimed by Premier Stolypin in a telegram addressed to the governor

PAUL DOLGOROUKOFF
generals, governors and prefects throughout Russia and to the viceroy of the Caucasus, who are ordered to strike and spare not in efforts to preserve order and crush "the enemies of society." Included in this category, as shown by the events of the day, are not only revolutionists and Socialists, but also the educated Liberal and landed classes represented in the Constitutional Democratic party, whose clubs everywhere have been closed, and all the progressive newspapers, which are not permitted to lift their voices anywhere throughout the entire land.

The Constitutional Democratic club and two other political clubs were closed by order of the police authorities. A caucus of Constitutional Democrats was being held at the club named when it was closed. Prince Paul Dolgoroukoff, chairman of the central executive committee appointed at Viborg on Monday, has called a meeting of that committee, which will arrange a secret caucus to discuss further tactics.

Agrarian disorders have broken out in the vicinity of St. Petersburg. The estate of General Baron Fredericks, old-de-camp, in the suburbs, forty miles from the capital, has been plundered by peasants. General Fredericks asked for troops from Catehina, but was informed that the situation was too serious to permit of the changing of the present military dispositions.
Domestic searches continue in all quarters of the capital, the prisons are already filling and the old blind system of attempting to conceal from the people what is happening has been adopted. The censorship of the press has been re-established with a vigor unknown since the days of the late Interior Minister Von Plehve, accompanied by the wholesale confiscation of newspapers. No word of the proceedings of the members of parliament at Viborg or of the address adopted has been permitted to be published.
Telegrams from the provinces telling of the universal indication aroused by the dissolution and even those from abroad outlining public opinion in foreign countries have been unannounced or suppressed. Not a word of the speech of Premier Campbell-Bannerman before the Interparliamentary union in London has been allowed to be printed. The editions of the Reich Strays and the Twentieth Century (formerly the Russ) were confiscated as they left the press.

Robbers Beat a Woman.
BUFFALO, July 25.—Mrs. Giovanni Virgo of 8 Trenton avenue was choked and pounded into insensibility by four robbers who stole \$1,500. The money, which represented the savings of ten years, was kept in a trunk. Two of the Virgo children, who were tied in blankets by the robbers, were nearly dead when released. No arrests have been made.

Chicagoans En Route to Ireland.
QUEENSTOWN, July 25.—A party of eighty Chicagoans, headed by the Rev. J. K. Fieldings, arrived here on board the Cunard line steamer Caronia to learn by actual observation the opportunities Ireland offers for investment.
